Your Vinyl Roll Striping Specialists

* Use this form as a master sheet
to make copies for future quotes.

KEG Graphics was established in 1989 and supports the Screen Print Trade by providing continuous multiple color or single color roll striping for your Fleet Graphics and/or Premises Graphics programs. We are capable of making multiple continuous roll stripes up to 53 inches (134.62 cm) in width and whichever length you desire. Give us an opportunity to bid on your next roll striping project and you might enjoy the competitive pricing.

To receive a quotation for striping, please provide a configuration of the stripe.
